COME HERE TO ME DUBLIN

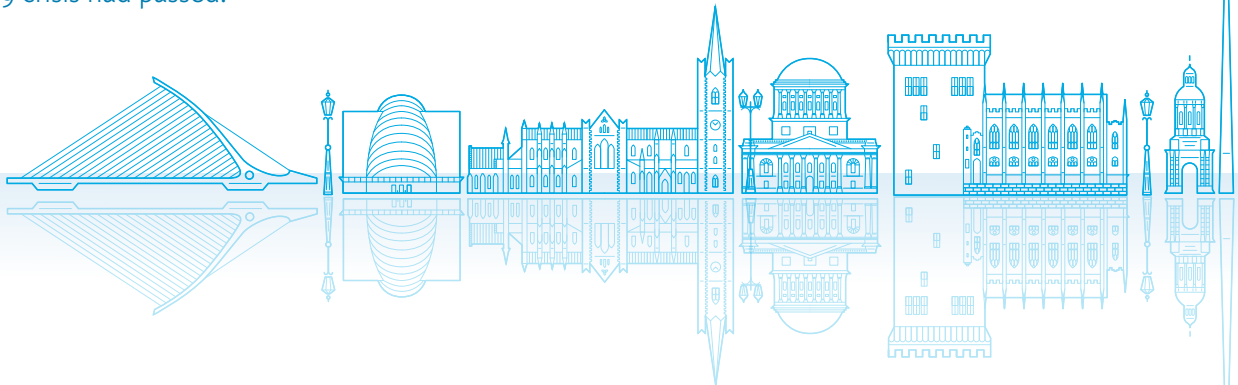

The COVID-19 pandemic focused our attention on cities, their identity and what purpose they serve to locals, workers, and tourists alike. With the absence of overseas tourists and a reduced number of locals making trips into Dublin city, there was certainly a different atmosphere around our capital after the onset of the pandemic. Some commentators and journalists suggested, rather pessimistically, that ‘Dublin was dead’ and that our capital had lost its sense of identity and purpose.

As a proud Dubliner (Dub), I thought it was unfair to evaluate our capital city through the lens of an unprecedented pandemic. Looking to the future and appreciating what we had on our doorstep, and how far we had come as a destination, I believed, was our best source of hope as Dubs endured such tough times.

I reflected on what Dublin meant to me and realised that although my home was sick with COVID-19, it was certainly not dead! I concluded that the complexity of Dublin’s true appeal could not be fully captured or fairly represented by journalists or simplistic newspaper headlines.

I wanted to start a conversation with my friends and colleagues from the city around ‘What Dublin means to you?’ The best way for me to do that was to put pen to paper to tell my story of what Dublin meant to me. Through writing down my favourite things about Dublin, its charms, its history, and my favourite places to visit, the beauty and uniqueness of my own Dublin really became apparent.

It was clear that everyone had their own version of Dublin, and the city meant different things to everyone! This is truly what makes Dublin a brilliant place to both live and visit, and I knew this would endure long after the COVID-19 crisis had passed.

To me Dublin, you are
Wigwam, Grogan's, Bruxelles and The Woollen Mills.
You are Kouign-Amanns at Sceál bakery, a small cap at Kaf
and leafy Canal Bank Walks passed Paddy Kav.

You are the angry PT at Flyefit,
gigs at The Olympia and Vicar St,
Hansard and Bono's busking on Christmas Eve,
and the pong of hops around St James' Gate.

You are randomly seeing Mattress Mick in Clontarf, and leaving him be,
'cos that how us Dubs treat true celebrity.
You are the Toucan at Christy Bird's in Portobello,
impeccable double-decker bus manners,
and Moore Street Grannies snarking at ya
for pressin' their pears and peaches.

You are Phil Lynott's sad romantic eyes,
and his guitar neck stuffed with the picks of passers-by.
You are Luke Kelly's forlorn brogue,
which falls like the rain that too often wets
dishevelled cobbles beneath your feet,
as you stroll to meet old friends in old buildings to tell old stories.

You are the prettiest, albeit rarest, of the World's blue skies,
beneath which live its wittiest people.

So come here to me Dublin, and listen.
No, you are not dead,
Nor are you some tacky holiday resort devoid of soul, character or livability.
Sure, you are not without flaw, imperfection or a need for tweaks.
But Dublin, be proud of what you were, and have become.
Be proud of that world famous spirit.
If you shout loud enough, people will start to listen;
and soon, when the time is right,
the fine people of these four provinces will want to experience it for themselves.
In time, they will come to realise what the wider World has been discovering for decades.

Dublin, you are just pure deadly.

IRELAND'S SECTORAL STRENGTHS

The Dublin Convention Bureau understands the importance for many clients of having strong sectoral ties to the destination to which they choose to bring their delegates. We know how important these sectoral ties can be for fostering new contacts, enhancing conference programmes and bringing people together in a more purposeful and meaningful way.

Whilst Ireland is home to a vast number of multinational and indigenous businesses, the key sectoral strengths that Ireland possesses are in the areas of Agriculture, Biopharmaceuticals, Engineering, Finance, ICT and Software and Medical Technology.

SECTORAL STRENGTHS

Agriculture

Led by its world-renowned grass fed beef and dairy outputs, exporting to 180 countries world-wide, Irish food and drink is thriving on the global stage. Ireland's reputation for quality and innovation has resulted in a thriving Agri-tech sector, pioneering advances across the entire agricultural value chain.

Biopharmaceuticals

The biopharmaceuticals industry is currently Ireland's largest exporter, accounting for over €80 billion each year. This makes us the third largest exporter of pharmaceuticals globally. 10/10 of the world's 'top' pharmaceutical companies have substantial operations in Ireland, making us a world leader in the field.

Engineering

Of the 1,200+ engineering companies based in Ireland, over 75% are indigenous – showing the pride and passion the Irish have for the engineering industry. The Irish Engineering industry can be subdivided into five key sectors: Aerospace, Automotive, Chemicals and Advanced Materials, Industrial Automation and Construction Engineering.

Finance

Employing a workforce of over 42,000, Ireland is a global financial centre – providing services to every major economy in the world. In fact, we service over 40% of all global hedge fund assets, and are the fourth-largest exporter of financial services in the EU.

ICT and Software

With over €35 billion in exports annually, the ICT industry is a key driver of the Irish economy and it is one of our top priority economic sectors. We are rich with expertise and innovation and thus fast becoming the tech start-up capital in Europe.

Medical Technology

350+ MedTech companies employ over 40,000 people directly – making us the largest country of MedTech employees per capita in Europe. The MedTech industry in Ireland is a national one, employing people from all corners of the island.

SUSTAINABILITY IN DUBLIN

In a time of increasing environmental concern globally, the Irish tourism sector is constantly striving to achieve more sustainable means of operating in order to safeguard both the booming industry as well as the environment. Dublin is proud of its sustainability achievements to date. For example, Dublin is home to the world's first purpose-built, carbon neutral convention centre. Dublin is also proud of the fact that 100% of its congress and exhibition centres are third party certified for sustainability and 95% of hotel room stock is easily accessible (within 30 mins) by public transport to these exhibition centres.

Dublin was launched on the Global Destination Sustainability Index which ranks destinations in terms of how sustainable they are as a business tourism destination. Only two years after entering the index, Dublin entered the Top 5 Most Improved Destinations. In light of the overall Irish collaboration towards sustainable tourism, Meet in Ireland was awarded overall with the title of Most Improved Destination.

This was the first time that the award was ever given at a national level.

We encompass the United Nations Sustainable Development Goals as much as possible in our efforts. They address the global challenges we face, including poverty, inequality, climate change, environmental degradation, peace and justice. In order to support the industry in achieving sustainable goals, the Dublin

Convention Bureau established an industry taskforce to address rising sustainability concerns and improve industry standards. The Dublin Convention Bureau also offers training events to industry partners in order to support them in providing clients with sustainable opportunities for their meetings and events. In order to ensure that clients can avail of environmentally proactive Corporate Social Responsibility (CSR) programmes for delegates, the Convention Bureau has also partnered with a number of local charities who provide options such as beach cleaning and tree planting.

Sustainable growth is not a destination but a journey. Therefore, the Dublin Convention Bureau, Meet in Ireland and Fáilte Ireland are committed to working closely with international delegates and local industry to keep reaching targets and pave the way for a greener Dublin.

WHY DUBLIN?

Custom Ireland is a boutique DMC based in Dublin. We believe that all of our clients' programs should begin with a blank page, an in-depth understanding of their specific styles and preferences, and their overall intentions and goals for the program or journey. We take a very holistic approach to ensure that all of our programs harness a real "sense of place" and that they are enriched by exceptional cultural experiences and a showcase of Ireland's rich heritage, artisan crafts and traditions. We want all of our guests to return home knowing that they have been to Ireland.

Our mission is simple: We craft once-in-a-lifetime experiences in pursuit of authentic journeys and lasting memories.

Sustainability

We are strong advocates of wildlife protection, environmental guardianship and cultural preservation. Ireland is our home. From its flora and fauna to the ancient monastic sites and landscapes that have withstood the test of time, we endeavor to conduct our business with minimal impact to our country and our planet through re-wilding and planting programs, recycling, waste reduction and the use of green energy.

DUBLIN HIGHLIGHTS

Ireland's capital truly captures your imagination and throughout Dublin, you will find an abundance of visitor attractions to discover and explore, from majestic museums to more modern centres of entertainment. Whether your interest is sport, history, art or literature, whether you want to follow a heritage trail, visit a zoo, eat in a castle or follow in the footsteps of Dublin's many musical greats, there's something for everyone in Dublin!

Dublin is ideally located on the east coast of Ireland and a 20 minute journey will bring you from the bustling city to the charming coastal towns and villages of the county and provide lots of opportunity for craft shopping, water sports, seafood dining and picturesque walks against the spectacular backdrop of Dublin Bay.

Top Reasons to Visit Dublin

Visit a Castle

Step back in time and visit a selection of ancient and historic fortifications situated both in the city and throughout the Dublin Region. Visit Malahide and Dalkey Castles on Dublin's coast or Dublin Castle in the city centre.

Discover the History of Dublin

Dublin has a wealth of museums which hold an array of information and artefacts recording the history of this ancient capital. Their contents are priceless but entry to Dublin's top museums and galleries is free.

Eat Out

Dubliners like to eat, and the capital of Ireland has seen the emergence of a cosmopolitan and chic food culture, which is mirrored in the hundreds of restaurants you will find throughout Dublin.

Stroll around Georgian Dublin

The Georgian door is a well-recognised symbol of 'welcome' in Dublin. In the 18th century (Georgian era) the city acquired this beautiful and distinctive style of architecture. Stroll through the elegant streets of Merrion and Fitzwilliam Squares, as fine examples of the great Georgian period.

Shop 'Til You Drop!

Dublin offers a wonderful array of products ranging from the traditional to the contemporary in its many shops, boutiques and department stores.

The beauty of Dublin is that it is big enough to offer distinct shopping districts, which are small enough to explore on foot.

Sample Some Local Brews

Dublin's pub scene is globally famous – and with good reason. Many are time-honored places celebrated in our literature and featured in films set here. Others are adored by locals and cherished by those who call by. Others still are newer arrivals, offering great food and the warmest of welcomes. With distilleries and breweries shooting up across the city, why not try two of Dublin's newest whiskey distilleries: Roe and Co and the Liberties Distillery, both situated in Dublin's historic neighbourhood, the Liberties.

Party the Night Away!

Dublin has one of Europe's most vibrant and exciting nightlife cultures. So, whether it's the traditional pubs with Irish music, or the hip and trendy bar and club scene that you're after, you'll find it all here in Dublin!

Tour Dublin

Discover more of the city on a hop-on, hop-off bus tour or a dedicated walking tour. If you want to get away from the hustle and bustle, tours will take you to the surrounding countryside or coastal villages, just a 20-minute drive from the city centre.

Unlock the treasures and stories of Ireland's capital city with the Dublin Discovery Trails, a new series of self-guided walking trails.

Let magical tales of the city's colourful past weave their spell, each one is easily accessible. Dublin Discovery Trails app can be downloaded from iTunes or Google Play and Dublin can be appreciated at our visitors' own pace.
