

Taking Meetings & Events to the next level

Built in 2020, with an investment of over €10 million, our new Meetings & Events centre offers a range of versatile spaces accompanied by modern contemporary event venue design. It boasts the most advanced technological facilities which will allow you to connect and go.

We understand the art of communication, especially in today's technical world. Whether it's a business presentation, meeting or conference, Clayton Hotel Cardiff Lane knows successful communication relies on smart technology to take your meetings to the next level.

Discover our Technology

Let us take you on a tutorial of our new CleverTouch 86" interactive whiteboard and presentation screens available in all 6 of our meeting & events spaces. Discover the capabilities of what our first-class screens have to offer with touch annotation and live video conferencing features. Hosting an event has never been so easy, to stay connected with your delegates using our hybrid capabilities.

Hybrid Meetings

Technology in business is nothing new, however the demand has never been higher for real time collaboration and instant feedback when meetings must be held at a distance. Our CleverTouch 86" Ultra screens can make it easier for you to accomplish this and stay in touch with your colleagues.

Transform your work space with live video conferencing to host hybrid meetings for brainstorming and engaging with business associates and colleagues from anywhere with our video conferencing facilities in all 6 of our meeting rooms, collaborative with apps such as Microsoft Teams and Zoom. Our interactive screens are also equipped with touch annotation making it easy for you to operate freely by hand to delegates both in and out of the meeting room. Digital infrastructure includes:
